

Nursery Christmas Cards 2018

Every year we get asked to supply class lists for the purpose of sending Christmas cards to class friends. There is no obligation to send any cards at all, however if you decide you would like to and you are going to send one to everybody. Could we please ask that you leave the inside and envelope blank and just put who it is from. We will make sure everybody gets one and will label them for children who are absent. You will need to send in 31 cards for everybody in Nursery to receive one. Please put an elastic band round them and a note on top for the staff, saying who they are from.

However, we have a display board in Nursery and are very happy for you to send just one card to everybody in Nursery from your child. This really would save us lots of time when giving cards out. Thank you for your cooperation.

The Early Years Staff.
